New Industry For Westerly

Narrow Fabric Building to Be Utilized as Jewelry Factory-Local Priests Attend Bishop Harkins' Silver Jubilee Celebration-Old Post Office Not in Demand-Delegation to Washington Agrees to Marbie Building For Town.

In observance of the sliver jubilee of M. Rev. Matthew Harkins, D. D., as bishop of the diocese of Providence, there was solemn positions high mass. Monday at the cathedral in Providence with several from Westerly in the consecration took official part in the consecration commondes are alive. The consecration bishop was the late Patrick T. Offeilly of the Springfield diocese, the junior assistant consecrating bishop was the late Patrick T. Offeilly of the Springfield diocese, the junior assistant consecrating bishop was the Lawrence S. McMahon of the Hartford diocese, and the master of ceremonies was the late Rev. James C. Walch. The acolytes, Rev. E. F. Ostrigan of Central Falls and Rev. C. D'Auray of Woonsocket, and the holy water bearer. Rev. William Pyne of Providence, were at the jubilee mass.

At the conclusion of the mass a banques by the clerky of the diocese was treated to several as westering as westering the commodating 50, and two homes for working girls, with 17 boarders.

city of Providence.

Ray William Pyne of Providence, efformarly located in Westerly, and one of the oldest priests in the dlocase, represented Bishop Harkins the jubilee w offering of the dergy and latty, which is to be devoted by the bishop to the charitable institutions of the dicese. Father Pyne is a member of the bish-

ep's council.

According to statistics, there are 125,000 Catholics in the diocass of Providence and 18,793 children in the parechial schools, an increase over last 12 sar of 4,000 in population and 481 in number of pupils in the Catholic schools. There are 102 priests, 131 of whom belong to diocean closer, 21 to religious orders which include the

Mercolized wax is a natural beau-ifier. By flaking off the devitalized tiffer. By flaking off the devitalized surface skin, it merely hastens Na-ture's work. The second skin layer, brought gradually to view, exhibits the healthy youthful color produced by capillary circulation. This because the capillaries are thus brought nearer the surface; also because the new skin is unsolled by dust and dirt. This wax, to be had at any drug store, (an ounce will do) is put on nightly like cold cream, washed off mornings with warm water. Its work usually is completed in from seven to ten days, long enough not to show too marked re-sults from day to day, or cause pain

or detention indoors.

A face bath to remove wrinkles, made by dissolving an ounce of saxolite in a half pint witch hazel, is an-other natural beautifier, since its as tringent and tonic effects smooth out the wrinkles in accordance with Na. ture's own process
